

00:35:43 Peggy Kosior: When one is off the grid, do you know how long one could retain power in a power outage? I guess it would have to depend on the storage capacity, but can you say a range?

00:36:26 Jen Moen: I'm new

00:36:37 Vesna Jovanovska: third lection

00:37:07 Jen Moen: I have not viewed any lessons. Just tapping in now

00:37:16 Sharon Cohen: On lesson 4. I'm looking forward to seeing house styles

00:37:51 Vesna Jovanovska: Thank you for your work about Maharishi Vastu Architecture

00:38:00 Peggy Kosior: I love to hear the experiences people have living in vastu.

00:38:55 Sharon Cohen: It would be interesting to hear how people adapt existing homes facing due East or North, to improve Vastu.

00:39:24 Jon Lipman: maharishivastu.org

00:42:42 Jaelle Dragomir: Took this class a couple years ago, as I recall, and had lunch with you at MIU last summer, Jon, when in retreat with Olga. How is your study going on direction of head when sleeping?

00:46:59 Prasanna Jena: Slightly offbeat question – but has anyone living in a maharishi vastu experience has ever had a very negative experience ?

00:47:19 Prasanna Jena: \*house

00:49:39 Sharon Cohen: We checked direction, prior to purchasing and orient our beds and office correctly. It's jus that the living room is the best spot for meditation. But, we do teach meditation in the living room :}

00:49:42 Sharon Cohen: Thank you

00:51:30 Prasanna Jena: Thank you 😊

00:54:29 Jaelle Dragomir: Thanks, Jon. Yes, that was the study that needed subjects.

00:54:55 Efrain Eman: Hi,

00:55:53 daphne sheard: My Raja told me that if vastu is not correct to the centimetre any deviations can allow a negative influence to affect the house & its owner, and that because it is partly vastu, the power of the vastu will not only enhance the positive influence but will also enhance the negative affect coming in. Is this true? If it is how to deal with this?Tahnk you.

00:56:13 Efrain Eman: My Name is Efrain and would like to ask whether I can still access my paid course a couple of years ago which I did not complete?

00:56:33 Efrain Eman: Thank you.

00:56:38 Vesna Jovanovska: Reacted to "My Raja told me that..." with 💜

00:56:48 Prasanna Jena: Question related to astrology and vastu – is it possible that an astrological/jyotish evaluation may reveal that it is NOT conducive for an individual to engage in the construction of a new home ?'

01:02:00 daphne sheard: Thank you. I am happy to here JOns answer as I will be buidding a vastu centre.

01:07:49 daphne sheard: Can none builders have that too - wld it be helpful f one who is direction a vastu build project also sees that course for builders? thank you

01:12:14 Charles Kuss: Is there any new geophysical/astrophysical research as to why vastu works?

01:12:34 Prasanna Jena: Does the vast fence have to completely surround the home or can it be on one side only?

01:12:49 Sharon Cohen: Is there a link for the photo gallery online? This sounds very interesting

01:13:22 Prasanna Jena: Also, does maharishi vastu allow for a small courtyard at the brahmastan?

01:14:09 Lynn Ellis: What does Jon think of this current trend we are seeing (at least here in Livingston Manor area) of darker colors for houses. A lot of houses in our area recently were painted darker shades of gray. Another is fairly dark brown. Any comments on this? (Ie, is there an undesirable influence from this?) The inhabitants are not meditators (so far was we know) Thanks!

01:14:20 Peggy Kosior: Is there any good lighting choices? It's been proven that lighting has an impact on physiology?

01:14:44 Charles Kuss: Thanks, Jon.

01:15:19 Sharon Cohen: If you have a fully square or rectangular lot, oriented E or N, can the Vastu fence encompass the entire lot? In our city, it needs to conform with city guidelines & set backs

01:15:42 Phatema Ziabari: Unfortunately I have to leave now but could we get a recording of this session? Thank you ever so much for great knowledge. JGD 🙏❤️

01:17:08 Lynn Ellis: Susan, I was referring to exterior color of houses in the trend to grey, especially darker grays

01:19:46 susan lauer: in answer to Sharon's question: at the link to our main website which Jon gave in the early chat answers, just add /photo gallery or /gallery to the end of that link!

01:22:56 Patti Metten: What are the effects if there is a cemetery near the home?

01:24:07 susan lauer: Replying to "Unfortunately I have..."

Phatema, yes, there will be a recording on the website soon!

01:24:23 Peggy Kosior: If a home is built with walls to keep 5g vibes out, then how do the signals still run phones and computers?

01:28:57 Peggy Kosior: I would rather have a landline. They are eliminating them.

01:32:42 Prasanna Jena: How far the cemetery should be?

01:33:11 Jon Lipman: 5. Eco 100 router by JRS

01:42:10 Shavkat Shatrov: I managed to build a Vastu house in Uzbekistan for my Student Sidha Muratov Kamil, he, like me, was at the Assembly of 10,000 in India. I downloaded the initial Sthapatya Veda course three times. But I did not receive a certificate. The courses were at the TM Center in Uzbekistan and at the programs Purusha of Russia. And also MERU online hosted by Eike Hartman.Jai
